

China Pharmaceutical Guide (Annual)

The Reference for Real World China Business

This annually-updated Guide is the most *authoritative* and *comprehensive* reference and resource in English which is instrumental for executives to plan, implement, monitor and supervise pharmaceutical businesses in China

- Authored by James J. Shen, a veteran pharma executive and former managing editor of IMS China Update, who has 28 years of management experience in the Chinese pharma industry
- Prepared by the *Real Experts* for the *Real World Executives* to help them navigate through the complex and turbulent Chinese healthcare business environment
- Extensive coverage on China's pharma industry structure and market environment, regulatory framework, healthcare provision and financing, disease & drug consumption patterns, pharma sales, marketing & distribution, trends and opportunities, market entry strategies, case studies of successes and failures in six key areas of the Chinese pharma business, and profiles of leading MNC pharma players in China
- With comprehensive latest data and statistics, it is divided into four volumes. It contains over 1,200 pages & nearly 200 tables and charts
- Significantly expanded coverage in recent editions on more sub-sectors, outsourcing, clinical practices, regulatory updates on healthcare reform and drug policies, additional case studies, and latest market / health data updated annually

WiCON | Pharma China (Online Database Edition)

Intelligent and Creative Solutions!

WiCON | Pharma China developed the following databases to provide international pharma companies with continuously-updated intelligence on a number of important aspects of the Chinese pharma business.

Deals, Disputes & IPO Monitor

This database monitors and records agreements, transactions and events in the areas of OEM, licensing, R&D, M&A, lawsuits and disputes, and IPOs (mainly overseas) in the Chinese pharmaceutical industry. This proprietary database is developed using industry data *WiCON* accumulated in the past two decades. The database can be searched by event or transaction type, company and keywords.

Regulatory Monitor

This proprietary database monitors the development of the Chinese drug regulatory regime and records historical and current regulations issued by various regulatory authorities in China. An expert summary is provided for all laws and regulations recorded with important facts, eg. issuance agency and effective date.

Laws and regulations are also categorized by type (eg. law, regulations, rule or notice), issuance agency and regulatory areas. The database can be searched by keywords, type, issuance agency and regulatory area.

New Drug R&D Monitor

The database contains information on new drug products under development in China and monitors latest Chinese R&D developments reported globally. The database can be searched by keywords, therapeutic class, product type and regulatory status, and contains additional information including developer names and a summary of research and regulatory status. 75

Note: The Online Database Edition is intended as an added value product for existing Pharma China gold & platinum package subscribers. It is not sold separately.

All our clients receive via e-mail, with our compliments, the Premium Edition of *Pharma China Weekly e-Alert* which summaries the top Chinese Pharma news each week.
